Our Mission

est. 1999

Nehemiah Entrepreneurship Community – 501(c)(3)

MISSION: Building Kingdom Businesses globally through local entrepreneurship community centers. Our goal is to create a community of Kingdom business stewards that provide products and services in a God-honoring way and that contribute to fulfilling the Great Commission.

There are **168 hours in a week**. Most Christians spend approximately only **2 hours** of their week at a local church gathering on Sundays. The rest of the week for most of us is spent in some sector of the marketplace. In **Col. 3:17**, the Bible instructs us, “And whatever you do, in word or deed, do everything in the name of the Lord Jesus...” (ESV)

In whatever stage of **the business life cycle** Christian Entrepreneurs find themselves in, whether it be **start-up, discovery, breakeven, profitability, sustainability, scalability, or succession**, the Nehemiah Entrepreneurship Community exists to equip entrepreneurs to grow, navigate, and prosper their businesses with best practices, biblical principles, and the power of Holy Spirit.

The business life cycle

Equipping Christian Entrepreneurs in every stage of their business.

Our tested and proven coaching and training system serves entrepreneurs from **Discovery** (when you are considering launching a business) to **Succession** (when you are ready to transition your business to your family, staff, or a third party). In every stage of business, Nehemiah has a customized training and coaching program for every entrepreneur. We've helped over 20,000 entrepreneurs advance their businesses with Kingdom impact for over 20 years.

Discovery

Alexis Jahncke

USA

Alexis Jahncke has always had a heart for missions, and after having heard about the Nehemiah Entrepreneurship Community, she felt drawn to it. Alexis exclaimed that something was different about Nehemiah; *"It was heavily focused on God and glorifying Him and being business stewards. The profit you make is not for your own benefit – like a bigger house or more vacations, but it is focused on how to glorify God with what you are doing."*

In January 2022, Alexis started the Nehemiah Entrepreneurship Community programs without any business idea. However, upon taking *Identity & Destiny* and *Biblical Entrepreneurship*, she developed her business idea by talking with her business coach and family. She then launched **Next Steps, a tutoring and mentoring online organization that** serves high school and college students. Equipped with a business plan, financial forecast, and, most importantly, a calling, Alexis desires to expand **Next Steps** into 40 communities lacking academic support worldwide in the coming decade.

Building blocks for Kingdom Business Success

1. Training

Learning biblically integrated best business practices from world-class business experts is essential to minimizing the risk of failure.

2. Coaching

Everyone needs a coach. Our coaches and mentors come alongside you to ensure successful implementation of best practices.

3. Access to Capital

Growing companies need capital. We ensure that funds are acquired from responsible and trusted sources.

4. Community

At every stage, the Nehemiah Entrepreneurship Community supports, relates, and prays for a successful business journey.

Profitability

Nehemie Lumande is the founder and CEO of **Nehms Studio**, a **communications agency**. After completing *Biblical Entrepreneurship*, competing in the France Business Plan Competition, and attending Nehemiah Week, he went home to France, determined to create the business that God had placed on his heart.

France

His company started small with very little turnover, but slowly, the revenue grew. After a profitable year in 2022, Nehemie felt like he had finally made it until his company's success took a dip. While going through a **rough patch and financially dry season**, he decided to lean on someone who had been there since the beginning, Patrice Tsague. It was through his coaching sessions with Patrice, as well as leaning into his relationship with God that Nehemie finally felt not just peace but had faith to be brave and begin to fight for his company. Today, **Nehms Studio** has grown and most recently **achieved its first 6-figure turnover**.

Campaign for Sustainability

The campaign for sustainability is an initiative to leverage existing content and collateral and thereby accelerate our earned income. This is to ensure that the **Nehemiah Entrepreneurship Community** is sustainable without being dependent on donations.

This campaign will fuel us to keep impacting the **youth** and **young adults** and build the next generation of leaders, as well as entrepreneurs in **international communities**.

Donations: Operating Budget, Specific Initiatives, Debt Reduction

Sales: Books, Classes, Coaching

Partners: Churches, Schools, and Licensures

Endowment: Planned Giving for Perpetuity and Ministry Outreach

David Witter

USA

David Witter is the Founder and CEO of **Financial Harvest Wealth Advisors**. This is David's account of his journey to sustainability:

"When you reflect on your childhood, who would be the three most influential people in shaping who you are today? Most likely, a teacher or coach was somewhere on the list. As adults, all top performers have many coaches and teachers. How else would they perform better than the competition without them? What would having a coach enable you to achieve this year?"

Patrice helps you set spiritual, personal, business, and sales goals and helps you hit them. He offers ways to improve your strategies, thinking, and mindset and how to amplify the wins and quickly get past the losses to achieve sustainability. Working with Patrice has helped me live a better life with my family, develop a tremendous team, double revenue in three years, and continue to grow by 20%-25%, no matter what the market is doing."

Strong Foundation

Report

27%

Today, research shows that **27% of aspiring entrepreneurs** don't have a fully developed business plan. We want to help change that!

- To date, there have been over 20K biblical entrepreneurs trained and coached.
- Over 2,000 biblical entrepreneurs are active in our online community.
- Over one hundred trainers and coaches certified.
- For every \$200 or \$16 a month donated, there is a Christian Entrepreneur around the world subsidized with the tools to succeed.
- Over 2.67M has been invested in Kingdom businesses through our Global Kingdom Investors Network (GKIN) fund, which aims to support entrepreneurs to fulfill their marketplace calling.

Succession

Nina Mutegi

Kenya

Nina Mutegi's parents started **Mirema School** in 1997 with only three students in their living room with a dream to provide quality Christian education to Kenyan children with a focus on special needs children. Though the school grew under her parents' leadership and then under her younger sisters, they yearned to take the school to another level of professionalism and biblical integration. This led to Nina's return from England to take over the family business to drive the vision forward to ensure continued profitability and a successful business transition from her parents to her and her siblings.

Nina enrolled in the **Nehemiah Biblical Entrepreneurship training and coaching program**. As the new CEO of the school and armed with the training, ongoing coaching, and financing from Nehemiah, she took the school to another level, from stabilizing the finances, setting up a board of directors, expanding its infrastructure, and growing the top and bottom line. The school now serves **1200 children with 180 staff** and is one of the elite schools in Kenya.
